1 Input Image
Open-ended mood goal

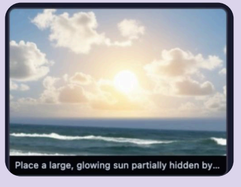

"I want this to feel more like a fun, busy summer beach day"

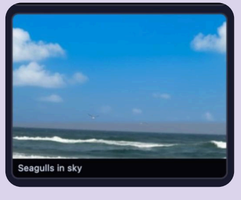

2 Data Collection from Human-AI Co-Editing
AI suggests edits to regions, and human negotiates or initiates their own edit

3 AI proposals to preview for "sky"

"do you want kites or birds in the sky?"

"I want to see more cloudy, sunny skies"

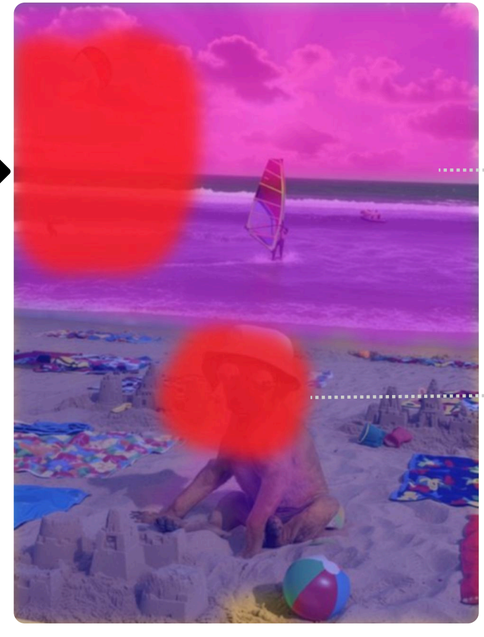

"Alright, let's do sunlight through clouds"

STRUCTURED BEHAVIORAL RECORD

Region	Time
sky modified x3	53s
sky brush edit	18s
dog brush edit	4s
sand auto-accepted	3s

3 Spatial Provenance Heat Map
